## Special Piping Materials (SPM)

---

Established in 1989 with our main offices & warehouses located in Manchester, SPM are a leading global stockholder and supplier of Pipes, Fittings and Flanges in Super Duplex (UNS S32760 and UNS S32750), Duplex (UNS S31803), 6% Moly (UNS S31254), Nickel Alloys (N08825/N06625), Titanium, Stainless Steels and other hard to source materials including 800H, 904L, 310, 317L and 321.

In June 2004 we opened our office and warehouse in Singapore to service Asia and a year later we opened an office and warehouse in Perth, Western Australia to service the Australasian region. Continued expansion has seen SPM open offices in Aberdeen - Scotland, Houston in Texas - USA and Dubai - UAE. Our latest offices were opened in Rio De Janeiro - Brazil in 2011, with a warehouse following in 2014. In all locations we will continue to invest in stocks of Super Duplex, Duplex, 6% Moly, Nickel Alloys and special grades of Stainless Steel.

Information and Contact: BSI, Kitemark Court, Davy Avenue, Knowlhill, Milton Keynes MK5 8PP. Tel: + 44 345 080 9000  
BSI Assurance UK Limited, registered in England under number 7805321 at 389 Chiswick High Road, London W4 4AL, UK.  
A Member of the BSI Group of Companies.

# 7 locations worldwide

Special Piping Materials has offices and stock located in 7 countries enabling us to service the UK, Europe, Asia, Australasia, the Americas and the Middle East.

## Health & Safety

We provide and maintain a comprehensive health and safety policy for all employees and visitors in accordance with The Health and Safety at Work Act 1974.

In January 2014 our head office was approved to the BS OHSAS 18001 Occupational Health & Safety standard.

## Quality

All SPM sites are accredited with British Standards Institute as a company that operates a quality system which complies with the requirements of BS EN ISO 9001:2015.

SPM is also a member of First Point Assessment (Oil and Gas) and the UVDB (Utilities) schemes which both monitor supply performance against industry standards. Our head office is approved to Environmental Certification ISO 14001.

## Documentation & Certification

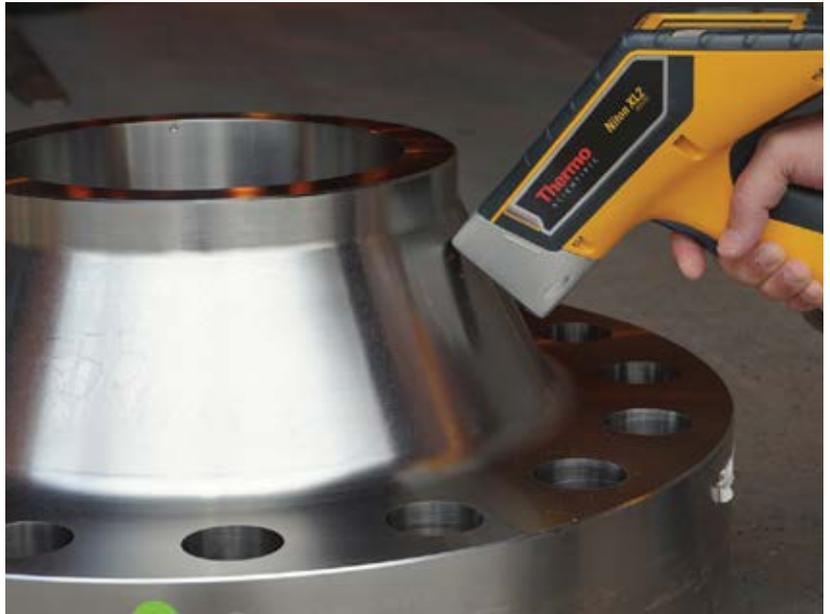

*We provide document such as ...*

- Vendor Document Schedule
- Quality and Inspection Plans
- Weld Procedure Qualification
- Weld Procedure Specification
- Weld Performance Records
- NDT & Testing Reports
- Test Certificate
- Release Notes
- Material Record Book (Data Book)

## Approvals

All of our worldwide stock is predominantly sourced from NORSOK M-650 approved mills. This ensures we only supply materials of the highest standard and matching quality levels from each and every location. We have also secured approvals from PDO Oman, ExxonMobil and are FPAL Verified.

## Destructive Testing

---

All of our stock is tested in accordance with respective ASTM/ ASME standards and international specifications such as Norsok MDS, Shell MESC, ExxonMobil and Shell DEP. We use NAMAS/UKAS approved test houses on a subcontractual basis for any further testing requirements.

## Non Destructive Testing

---

In house testing includes PMI using Niton XLT, Ferrite checks using Ferrite scope, Hardness and Liquid Penetrant examination, all carried out by qualified inspectors. Other testing can be carried out to customer requirements and specifications by selected test houses with operators qualified to ASNT, PCN & CSWIP standards.

# Pipe & Tube

Duplex, Super Duplex, 6% Moly, Nickel Alloys N08825 & N06625 from stock. Other non standard grades are available.

Sizes 0.5" – 60" (15mm – 1500mm)  
Schedule 10s - XXS

## Flanges

Can be supplied to any dimensional standard or client drawing. Duplex, Super Duplex and 6% Moly from stock. Other non standard grades are available.

Sizes 0.5" – 60" (15mm – 1500mm)  
Schedule 10s - XXS  
B16.5 + B16.47 API 6A

## Fittings

Butt Weld and Forged Fittings from stock Duplex, Super Duplex and 6% Moly from stock. Other non standard grades are available.

Sizes 0.5" – 60" (15mm – 1500mm)  
Schedule 10s - XXS  
B16.9 + MSS SP43 + B16.11

## Specials

Able to supply specials for example: Nipo flanges, Barred Tees, Weldo flanges, Spectacle Blinds, Spades, Long Weld necks etc, on a premium or standard delivery.

# FPAL Verified

# Project Management

## General

History of managing and supplying packages to Engineering Contractors and major clients. All projects handled by a specific project team within SPM with dedicated personnel and facilities.

## Dedicated Resources

Dedicated fully computerised project office with electronic records detailing every part of each project. SPM personnel regularly visit each manufacturer to establish a list of key contacts responsible for the various disciplines such as production, documentation and logistics.

We are updated regularly by each manufacturer as to the exact status of every item and visits to each mill continue at regular intervals to ensure that contracts are completed as promised in terms of material quality, documentation and delivery schedule.

## Reporting Systems

Systems are constantly updated with status information from manufacturers; this information is passed on to our clients. Reports can be supplied electronically at a frequency required by the project.

## Your Complete Solution

### CUSTOMER REQUIREMENTS

- Market Awareness
- Strict Technical Competency
- Deadlines
- Complex Material Packages
- Approved Manufacturer Lists
- Communication
